2009 Fall Campus Commuter Challenge – Pitt Wins!

Pitt alternative commuters brought home two prizes in this year’s commuter challenge. Our car- and vanpoolers, bikers, and transit riders (76 people registered) logged their daily commute miles for October. By diligently logging their commute miles via the challenge website, Pitt commuters won the category “highest percentage of logged days” and saved the environment 13,708 pounds of CO2 in just one month.

In addition, Kathy Buccigrossi, Student Affairs, won an engraved iPod Nano in a random drawing. Only two were awarded. Nine schools participated in this year’s challenge and Pitt ranked No. 1 when the challenge ended on October 31. If you have questions about the challenge, please call Parking Services.
