Traffic and Parking Ordinance

Enacted 1993

January 2009

Dear University Community Member:

The ordinance on these pages defines the general operations and policies of traffic and parking at the University of Pittsburgh's Oakland campus. The provisions set forth have been designed to ensure the safety and protection of all members and visitors within the University community.

The department's mission is to provide high quality, environmentally conscious, and economically sound parking and transportation services to the University community. This ordinance is a tool to aid us in continuing to work within the mission.

When we developed the Ordinance in 1993, we received valuable input from all segments of the University. I believe that the document has been a useful product to define the policies and procedures of the Department.

Please review the Ordinance and refer to it to find answers to your questions regarding traffic and parking on campus. For more information, contact our office by phone, fax, or electronic mail (See Phone Directory within the Ordinance). Additional Parking and Transportation information is available on the University of Pittsburgh World Wide Web Site at <http://pts.pitt.edu> information is updated on a regular basis.

Your comments, questions, and suggestions are important to us. Please stay in touch.

Sincerely,

**Janet D. Thomas
Assistant Director for Parking**

ARTICLE III. PARKING

Sec. 3-1 Method of Parking (See Sec. 6-2 Penalties.)

The Executive Vice Chancellor shall cause each area in which parking is permitted by this Ordinance to be surveyed and developed for parking. Each parking space shall be defined by appropriate signs and/or painted lines (when the parking area is paved). When parking spaces have been established in the area in which parking is lawful, vehicles shall be parked within the spaces so designated at all times.

1. Some spaces shall be marked for specific vehicles. These include, but are not limited to: compact vehicles; subcompact vehicles; vans; vanpool vehicles; carpool vehicles; campus vehicles; and University Police. It is prohibited to park in these specifically marked spaces with a vehicle, which does not meet the specifications of the sign.
2. It is prohibited at any time to occupy portions of more than one space when such is defined by painted lines or to park in any portion of the area not clearly designated for parking.
3. When spaces are designed at an angle (diagonally) to a street curb or dividing median, vehicles shall be parked therein with the front of the vehicle next to the curb or median. When parking spaces are parallel to a curb or dividing median, vehicles shall be parked with the front of the vehicle facing the direction of travel authorized for that side of the street or driveway.
4. Double parking is prohibited in all University of Pittsburgh parking spaces or facilities.
5. Vehicle sizing shall be defined by the Director, and/or his/her designee.
6. Parking is prohibited along a yellow line unless it is marked for parking.

Sec. 3-2 Disabled Vehicles (See Sec. 6-2 Penalties.)

It is prohibited to leave a disabled vehicle parked in violation of this Ordinance without immediately notifying the University Police or Parking Services Office. If the vehicle is obstructing traffic or creating a hazard, it must be removed immediately. Disabled vehicles must be removed from campus property within 24 hours.

Sec. 3-3 Parking Facilities (See Sec. 6-2 Penalties.)

Any person parking a motor vehicle in one of the parking lots and areas described in this section (3-3) must display the appropriate permit for that parking facility. Regular permit parkers may move

their vehicles to other lots after 4:00 p.m. (except Posvar Hall and the Parran Hall Garage - they may be accessed by regular permit holders after 5:00 pm) on weekdays and all day on the weekends, excluding special events. If using the OH lot or SO garage, make sure to bring your permit and ticket to the cashier before returning to vehicle and exiting the garage.

Controlled-access or restricted lots/areas shall be enforced during those hours specified in this Ordinance. Any vehicle parked without displaying a valid permit is subject to the issuance of a ticket, booting, and/or towing.

No open flames, such as portable grills, are allowed in any University of Pittsburgh parking garage.

If the assigned parking facility is full, the overflow parking facilities are the SO, OC, and OH facilities. The permit holder must notify the Parking Services Office, 412-624-4034, in order to arrange validation of his/her parking ticket.

Employee permit holders may park for 15 minutes in another lot for loading/unloading by leaving their flashers on.

A brochure that summarizes the regulations and a map depicting the parking zones is available at any of the offices within the Department of Parking, Transportation and Services. Pursuant to Section 1-2, the Assistant Vice Chancellor may provide for subdivision of and for addition or deletion of lots to or from any one of these areas and may change traffic flow patterns as deemed necessary or advisable for the administration or enforcement of this Ordinance. See a summary of all University of Pittsburgh Parking facilities in appendices.

Sec. 3-4 Inclement Weather Parking (See Sec. 6-2 Penalties.)

If the assigned permit parking facility is inaccessible due to adverse weather conditions (i.e., snow), vehicles are to be parked in either the SO or OH garages. The Director, and/or his/her designee shall define Lot inaccessibility. Vehicles parked in lots other than SO and OH shall be subject to ticketing.

Sec. 3-5 Special Event Parking (See Sec. 6-2 Penalties.)

The Director may cause certain areas to be reserved for those attending the event. Certain lots will be restricted to specifically authorized persons. Prices per event will vary, depending on the type and location of the event. Permit holders may park free of charge, however, they will be directed to specific lots in which to park for the event.

Parking in certain lots or areas shall be reserved for special events. Management of the lots or areas is the responsibility of the Department of Parking, Transportation and Services. Special permits for events shall be issued by the Department of Parking, Transportation and Services to the host department.

The Director is authorized to remove and/or cite vehicles parked in reserved spaces before athletic or other special events. On the day of the event, a list of all vehicles removed will be forwarded to the University Police.

1. Notification to Permit Holders -- The Director will take one or more of the following steps to inform permit holders of special event parking policies:
 - a. Information mailed to all permit holders affected by special event parking;
 - b. Notices placed on vehicles at the beginning of athletic seasons and before special events
 - c. Informational signs posted at the entrances to lots reserved for athletic and other special events
 - d. Notices to Deans, Directors, Department Chairpersons (Administrative Distribution List);
 - e. Notices on the Parking, Transportation and Services website www.pts.pitt.edu
 - f. Other methods as deemed appropriate.

2. Charter Bus Parking

The Department of Parking, Transportation and Services shall assist the University Police with parking arrangements for chartered buses.

Sec. 3-6 Metered Spaces (See Sec. 6-2 Penalties.)

The Director may designate metered parking spaces within any parking lot or area on the campus for general use. He/she may also specify the length of time for parking in each space. It is prohibited for any person to park a vehicle in metered spaces pursuant to this section without activation and for longer than the indicated length of time.

1. Activation of meters: Parking meters shall be marked so that they can be activated by insertion of lawful coins of the United States, or a debit card issued by the Parking Services Office.
2. Multiple violations: Vehicles parked in metered spaces without the meter being activated with lawful coins or debit card shall be subject to the issuance of a citation for each period of one hour that the vehicle occupies the space with an expired meter.
3. Extended parking at meters: it is prohibited for a vehicle to occupy any portion of a metered space for more than twenty-four consecutive hours, regardless of whether or not the meter is activated.

4. Abuse of meters: it is prohibited for any person to damage, tamper with, willfully break, destroy or impair the usefulness of, or open without lawful authority any parking meter installed pursuant to this Ordinance. It is prohibited for any person to insert into a parking meter any object that is not a coin of the United States or debit card issued by the Parking Services Office.
5. University vehicles, government vehicles, and permit parkers are not exempt from meter regulations.

Whenever a meter is discovered to be inoperative, this information must be immediately reported to the University of Pittsburgh Department of Parking, Transportation and Services. Unless such a report is made, the vehicle(s) parked at such a meter shall be subject to ticket sanctions.

Sec. 3-7 Controlled-Access Lots (See Sec. 6-2 Penalties.)

The Director shall cause to be erected at the entrance and exit of each controlled-access lot or area defined in Sec. 3-3, a gate that can be opened and closed either by an attendant or by use of a gate-control keycard issued by the Parking Services Office, or a Panther Card .

It is prohibited for vehicles to enter or park in controlled-access lots during the posted hours without paying the appropriate fee or displaying a valid permit for that parking facility. Whether or not a gate is open during the hours of parking is not an indication that an unauthorized vehicle may legally drive through and park in that gated lot.

It is prohibited for any person to deface, damage, tamper with, willfully break, destroy, or impair the usefulness of, or open without lawful authority an entry or exit gate or any other related equipment.

Permit gate cards, keys and transmitters are the property of the University and must be surrendered upon request of Parking Services Office staff.

Sec. 3-8 Reserved Parking (See Sec. 6-2 Penalties.)

Parking spaces shall be reserved to meet special needs as they arise. It is prohibited for any unauthorized person to park a motor vehicle in a reserved space.

1. A sufficient number of parking spaces shall be reserved to meet the needs of the physically disabled. It is prohibited to park a vehicle in a space posted for physically disabled parking without the proper documentation (see paragraph below). It is also prohibited to park a vehicle in a manner denying access to a physically disabled parking space.

Physically disabled spaces are reserved at all times unless otherwise indicated. Physically disabled license plates, physically disabled permits, physically disabled placards, physically disabled veteran license plates issued by the Commonwealth of Pennsylvania, and physically disabled plates, permits, and placards issued by other states shall be

honored in posted physically disabled parking areas of the public/transient garages or lots. In all other controlled lots, the plates/permits shall be honored as long as a valid University permit for that lot is also displayed.

2. Areas set aside for loading zones shall be monitored for illegal use or overtime parking and tickets will be issued to violators.

Sec. 3-9 Visitor and Conference Parking (See Sec. 6-2 Penalties.)

University departments may purchase parking validation stickers for their guests from the Parking Services Office. These stickers are valid only in the SO, OC, PH and OH parking facilities on a space available basis.

Departments may request, in writing, from the Parking Services Office temporary parking permits for guests attending conferences, meetings, and seminars. Students or employees of the University or UPMC may not use these permits. Parking locations will be identified at the time such permits are issued. (See appendices for permit costs.) The coordinator, from the requesting office, will make payment arrangements with the Parking Services Office in advance.

1. Physically disabled visitors: Those physically disabled visitors displaying the appropriately approved state plate or placard may park in any transient space reserved for the physically disabled, and pay normal parking fees. Conference coordinator(s) must arrange with the Department of Parking, Transportation and Services to provide for physically disabled parking and transportation if required.
2. Transportation and Shuttle Service: The Department of Parking, Transportation and Services may provide shuttle services for large groups of visitors parking in fringe locations. The department or event coordinator is responsible for coordinating this service with the Department of Parking, Transportation and Services.

Sec. 3-10 Bus Stops (See Sec. 6-2 Penalties.)

1. Bicycles shall be parked in accordance with this Ordinance, state, and local fire/safety regulations. Bicycle parking is available throughout the campus and is designated by the presence of bicycle racks and lockers or specifically marked parking areas. Sec. 3-14 Temporary Parking Restrictions (See Sec. 6-2 Penalties.)

The Director is authorized to temporarily prohibit parking, stopping, or standing on driveways, streets, alleys, and parking lots on campus; and, by agreement with the City of Pittsburgh, on public streets. The Director is authorized to reserve parking spaces for special use when such action is necessary due to special events, emergencies, and/or construction. Temporary signs or barriers shall be posted, and a representative of the Department of Parking, Transportation and Services or other University official shall give notice of regulations issued under this section. It is prohibited for any person to violate such regulations.

Sec. 3-15 Evening Parking (See Sec. 6-2 Penalties.)

The Director may cause certain lots to be available/designated on weekdays after 2:50 p.m. and 4:50 p.m. to accommodate student and employee evening parking (See Sec. 4-2). Employees and students must purchase the appropriate permit at the Parking Services Office in order to utilize University parking facilities. ARTICLE IV. PARKING PERMITS

Sec. 4-1 Parking Permits (See Sec. 6-2 Penalties.)

The Director may issue permits to park in lots and areas described in Sec. 3-3 to employees or students of the University and affiliated organizations operating on the campus upon payment of the appropriate fee. Permits shall be allocated among the faculty, staff, and students of the University in a manner that will best serve the needs of the University community as a whole. Permits will not be issued without presenting a current and valid University ID card and vehicle registration card, and payment for the current month, prorated if applicable.

The Director may issue special permits under the conditions and at the fees indicated in this section. Misuse of any permit shall result in confiscation of the permit, and restrictions on issuing permits for at least one year. No refunds shall be issued on those permits requiring a paid fee. Persons found to be displaying said permits in violation of this section would be subject to the appropriate fine, booting, and/or towing of their vehicle(s).

Vehicles must be registered with the Parking Services Office before any type of permit will be issued. It is the responsibility of permit holders to inform the Parking Services Office of any changes in their vehicles (e.g., purchase of a new car); address changes; department changes; etc. All permits must be displayed as outlined in Sec. 4-3.

Sec. 4-2 Permit Types (See Sec. 6-2 Penalties.)

1. Faculty and Staff:
 - a. University of Pittsburgh faculty and staff are eligible for a University parking permit at a per month cost. These rates vary depending on the facility. The monthly fee gives the registered employee the authority to park at his/her designated garage or lot. It is not an absolute guarantee that a specific space will always be available to the holder. In situations where the garage/lot is full, see Sec. 3-3.
 - b. Permits are issued to employees for the garage/lot they request. In situations where there are no spaces available, the applicant will be offered the first space that is available. An employee may be on the wait list for three garages/lots. Wait list sequence will be based on date of application to the Parking Services Office. The wait list is available for inspection at the Parking Services Office or electronically on our website. The waitlist is updated weekly.
 - c. Faculty and staff are responsible for all fees and fines associated with their permits. Acceptance of the monthly University parking permit is acknowledgment that the University may payroll deduct for outstanding fees or fines. The method for these procedures is outlined in Sec. 2-1.

- d. Employees may not: give their permits away; let others use their permits, or resell permits to other individuals.
- e. Transferring Employees: if an employee transfers from one department to another department, the permit stays with the employee. A Faculty/Staff permit is not assigned to the department where the individual works, but to the individual himself/herself.
- f. Faculty/Staff/Student Termination: when a faculty/staff member or a student terminates his/her relationship with the University, it is that person's responsibility to return the permit to the Parking Services Office. Parking permits may not be transferred to anyone else. However, retired employees and "faculty emeritus" may be permitted to retain their permit following procedures specified in item 4 below. Permits not returned to the Parking Services Office for cancellation remain active, and the permit holder is responsible for paying outstanding debts as monthly charges accrue.
- g. Permit Reinstatement: faculty or staff who desire to relinquish their parking permit for the months they do not work due to an approved leave, sabbatical, or when they do not receive a paycheck due to contract, may do so. They should bring their parking permit to the Parking Services Office by the third working day of the month so that they will not be charged for that month. At that time, they may complete a parking application indicating the month of return and a space in the assigned parking garage/lot will be held. These individuals may pick up their new parking permit at the Parking Services Office upon their return. They may have their personal representative return the permit and pick up the new permit as long as he/she presents a valid and current University ID card.
- h. Refunds will not be made on permits that are not returned in accordance with the applicable permit reinstatement policy as outlined above.

2. Student Permits:

Student permits are assigned in accordance with the Department of Parking, Transportation and Services guidelines and regulations. Information pertaining to student parking is summarized in a brochure available in the Parking Services Office. Student permits are available to:

- a. Students residing on campus.
- b. Physically disabled students whose schedules cannot be accommodated by the University's transportation system.
- c. A limited number of Commuting students.
- d. Students are requested to register their vehicle with the Parking Services Office even if they do not have a permit.
- e. Students who are members of fraternities and reside in upper campus fraternity houses

may be eligible for parking on an academic year basis.

3. Evening Student Permits:

All students are authorized to purchase one evening student permit per academic term.
