Email ( <i>where you want to receive ridesharing emails</i> ):	
Phone (where you want to receive ridesharing calls):	_____ Home _____ Work
Other Questions or Comments:	

By submitting this application you agree that the information submitted will be entered into the CommuteInfo regional rideshare database. Matches are made via computer and based on proximity of home and worksite addresses and work schedules. If you have agreed to be matched with potential rideshare partners, they will receive a letter with your contact information, but without your home phone (unless you prefer to be called at home) or street number. Your information will not be provided to a marketing company but may be shared with a vanpool leasing company for the purposes of vanpool formation. Participation in a carpool or vanpool program is an individual decision. Ridesharers are completely responsible for the operation of their carpools or participation in vanpools. CommuteInfo and the Southwestern Pennsylvania Commission, shall have no responsibility or liability for any claims, expenses, or damages resulting from any individual's participation in a carpool, vanpool, or other ridesharing program.

Return the completed form to the Parking Office via fax, 412-648-2200, email- [commuting@bc.pitt.edu](mailto:commuting@bc.pitt.edu) or by mail, 127 N. Bellefield Avenue, University of Pittsburgh, Pittsburgh PA 15260: Once your information is entered into our database, you will receive list of potential ridesharers in your area, whom you can contact by phone or email.

By definition, carpool riders commute 100% of the time and are never to have 2 cars on campus at the same time, without notifying the Parking Office. I verify that the information in this application is correct, and accept responsibility for any inaccurate data.
